END-USER SOFTWARE LICENSE AGREEMENT

IMPORTANT -- READ CAREFULLY: This is a legal agreement between you, the end user, (either an individual or entity), and Company Name ("Company Name") for the software product identified below. This license ("License") contains rights and restrictions associated with use of the accompanying software ("Software") including, but not limited to, one or more of the following: source code, object code, dynamic link libraries, static libraries, classes, byte code, header files, utility programs, makefiles, images and scripts together with the accompanying documentation and examples. Read the License carefully before opening the sealed Software package, downloading, installing or using the Software. By opening the sealed Software package, downloading, installing or using the Software you agree to be bound by the terms and conditions of this License. If you do not agree to the terms of this Agreement, do not open the sealed Software package, do not download, install, copy or use the Software, return the unopened Software package(s) and all other materials with proof of payment to your place of purchase within thirty (30) days for a full refund.

The Software is protected by copyright laws and international copyright treaties, as well as other intellectual property laws and treaties. The Software is licensed, not sold.

1. Limited License Grant. Subject to payment of applicable license fees, Company Name grants to you ("Licensee") a non-exclusive, non-transferable limited license to use the Software. Except for the foregoing, Licensee may not re-distribute the Software in whole or in part, either separately or included with a product. You may: use the Software on any single computer; use the Software on a network, provided that each person accessing the Software through the network must have a copy licensed to that person; or copy the Software for archival purposes, provided any copy must contain all of the original Software's proprietary notices. Additional copies of Software must be purchased directly from Company Name.

2. Use Definition. The Software is "in use" on a computer when it is loaded into temporary memory (i.e. RAM) or installed into permanent memory (e.g. hard disk, CD-ROM, or other storage device) of that computer, except that a copy installed on a network server for the sole purpose of distribution to other computers is not "in use".

3. Restrictions. The Software is confidential copyrighted information of Company Name and title, ownership rights, and intellectual property rights in the Software and all rights to the Software are retained by Company Name. The Software is protected by the copyright laws and treaties. Title and related rights in the content accessed through the Software is the property of the applicable content owner and may be protected by applicable law. This License gives you no rights to such content. You may not: permit other individuals to use the Software except under the terms listed above; permit concurrent use of the Software; modify, translate, reverse engineer, decompile, decrypt, extract, disassemble, or create derivative works based on the Software; copy the Software other than as specified in Section 1 of this License; sell, rent, lease, grant a security

interest in, or otherwise transfer rights to the Software; or alter or remove any proprietary notices or labels on the Software. Software may not be leased, assigned, or sublicensed, in whole or in part, except as specifically authorized in Section 1. Licensee warrants that it will not use or redistribute the Software for such purposes.

Therefore you must treat the Software like any other copyrighted material and not reproduce it except that you may either: (a) make one copy of the Software solely for backup or archival purposes, or (b) transfer the Software to a single hard disk provided you keep the original solely for backup or archival purposes. You may not copy any printed materials accompanying the Software.

4. High Risk Activities. The Software is not fault-tolerant and is not designed, manufactured or intended for use in on-line control equipment in hazardous environments requiring fail-safe performance, such as in the design, construction, operation or maintenance of any aircraft, air traffic, aircraft navigation, aircraft communications, nuclear facilities, direct or indirect life support machines, or weapons systems. Company Name and its suppliers specifically disclaim any express or implied warranty of fitness for High Risk Activities. Licensee warrants that it will not use or redistribute the Software for such purposes.

5. Trademarks and Logos. This License does not authorize Licensee to use any Company Names, trademarks, or logos. Licensee acknowledges that Company Name owns the (list trademarks here) logos and icons and agrees to not do anything harmful to or inconsistent with Company's rights in respect to any trademarks, names, or logos.

6. Taxes. All charges and fees paid are exclusive of and do not include any taxes, duties, or similar charges imposed by any government. Licensee agrees to pay or reimburse Company Name for all federal, state, dominion, provincial, or local sales, use, personal property, excise, VAT or other taxes, fees, or duties arising out of this Agreement or the transactions contemplated by the Agreement (other than taxes on the net income of Company Name).

Licensee agrees that the amounts to be remitted to Company Name are to be the actual amounts due without withholding taxes or other assessments by authorities anywhere in the foreign location. If any withholding tax is imposed under the laws of a country or other taxing jurisdiction outside of the United States on any amounts paid to Company Name, such amounts will be increased by the amount of the withholding tax. Licensee shall be solely responsible for and shall pay any and all amounts required in the foreign location to be withheld, charged, deducted, or assessed against such payment amounts, and will promptly furnish Company Name with certificates evidencing payment of such amounts.

7. Cooperation and Operation. Licensee shall cooperate to the fullest extent necessary to enable Company Name or authorized Service Provider to replicate any problems, determine that the problem resides with the Software, and certify that the problem has been corrected. Licensee is responsible for selecting an operator who is qualified to
